PROFESSIONAL PROFILE

8th-semester Systems Engineering student (top of her class, 98.3% high school average) and QA Trainee specializing in Quality Assurance, Web Development (WordPress), Requirements Engineering, and AI-Assisted Development. Proven experience in functional/API testing (Kiwi TCMS, Postman, Tailscale), e-commerce platforms, process modeling (BPMN/UML), and digital community growth (+11k followers). 2026 Fellow of the Aspire Leaders Program (Harvard Institute) and verified B2 English (EF SET, Reading C1).

TECHNICAL SKILLS & COMPETENCIES

QA & Testing: Test Case Design, Kiwi TCMS, Postman (REST APIs), Tailscale (remote testing), Bug Tracking, Taiga (Scrum/Kanban).

Web Development & CMS: WordPress, WooCommerce, Elementor, PHP (8.1+), MySQL/MariaDB, Node.js, Express, Supabase (PostgreSQL), HTML5/CSS3, JavaScript, Git.

Engineering & AI: Requirements Engineering, UML, BPMN (Bizagi Modeler), Python, PyTorch, OpenCV, Google AppSheet, SAP/ERP, AI Prompting.

Languages & Certifications: Spanish (Native); English B2 (EF SET Certified, C1 Reading); Scrum Developer Certification (eCampus USFX).

PRACTICAL EXPERIENCE & LEADERSHIP

QA Trainee (Software Quality Assurance) | Remote Collaborative Environment 2026 – Present

- Designed and executed functional and regression test suites in Kiwi TCMS; managed the bug lifecycle in Taiga under Scrum.
- Ran REST API integration testing with Postman and set up secure remote connectivity via Tailscale.
- Validated acceptance criteria, functional specifications, and UI/UX responsiveness across multiple platforms and browsers.

Freelance Web & E-Commerce Developer (“Store LAN”) | Sucre, Bolivia 2024 – Present

- Built transactional e-commerce platforms on WordPress/WooCommerce (PHP 8.1+, MySQL) and Supabase.
- Integrated local payment gateways (QR), Yoast SEO, analytics, and automated support via the WhatsApp API.

Growth Marketing, Digital Content & WTM/GDG Volunteer | Sucre, Bolivia 2024 – Present

- Contributed to the digital content strategy for the international IWD Sucre 2026 event (WTM/GDG) and created promotional reels for speakers and sponsors.
- Grew a personal community of +11,000 followers organically; finalist in the British Embassy’s “From London to Sucre” contest.

FEATURED PROJECTS

Real-Time Waste Classifier (PyTorch & OpenCV): Computer vision system for classifying recyclable materials using a neural network (MLP) and live video processing (ROI).

Boutique E-Commerce Platform (Node.js, Supabase, JWT): Decoupled transactional system with JWT authentication, Supabase Storage, and a real-time admin dashboard.

“Chocolates Para Ti” Business Management System (AppSheet & BPMN): No-code mobile app for real-time inventory and sales-force management, modeled under the BPMN standard.

EDUCATION, SCHOLARSHIPS & AWARDS

Universidad Mayor, Real y Pontificia de San Francisco Xavier de Chuquisaca (USFX) — B.S. in Systems Engineering, 8th Semester (2023 – Present).

Associate Degree in Tourism & Hospitality (Graduate).

- Official Evaluation Juror, Faculty of Science and Technology (USFX), for outstanding academic performance.
- Aspire Leaders Fellow 2026 (Harvard Institute): selected for the global leadership and executive development program.
- 2nd Place Nationally – TechConnect (U.S. Embassy) • 4th Place – Build with AI, GDG Sucre (AI medical-guidance agent) • Galactic Problem Solver – NASA Space Apps Challenge.
- Incuba Unión Tecnológico Scholarship (Huawei, Banco Unión) • Volunteer Civic Service (Bolivian Armed Forces).
